Networks
Clustering

— INTRODUCTION TO R —

Do you have lots of data and don't know how to handle it?

Yes!

Do you want to learn R for fun and science?

Yes!

Let's meet once each week to speak and learn together.

ok!

WHAT DO I NEED?

Bring your computer, your data and good questions!

Send an email with a short description of your project to
andres.aravena@istanbul.edu.tr

More information in

<http://anaraven.github.io/data-science-workshop/>

This poster is made using only R and HTML. Graphs made in R with real data.
